“It is only the power of love that can enable the adult to come close enough to the child to understand him. Love and Humility will unlock for us ‘the secret of childhood’ and enable us to understand the inner significance and true meaning of Dr. Montessori’s work.” Margaret Stephenson

Sonnie will share several of the Peace Activities found in her book, *Honoring the Light of the Child: Activities to Nurture Peaceful Living Skills in Young Children*. These activities are a meaningful part of the Albrook curriculum as they help the children recognize and act from their Light of Love. When these activities are incorporated into both our homes and classrooms, the children blossom and a lovely atmosphere of thoughtfulness and peace emerges.

Based on her award-winning book, *Montessori Parenting: Unveiling the Authentic Self*, Sonnie will inspire us to be the best parents we can be for our children. Her presenting style is both entertaining and informative.
